

**Care Homes that have received the Quality Hallmark Award
(Rounds 1 - 20, 2008 - 2018, including Re Accreditation)**

The GSFCH Training Programme aims to improve the organisation and quality of care for residents in the last years of life, to improve collaboration across boundaries and to reduce avoidable hospital admissions. To qualify for accreditation, care homes must have undertaken the full GSFCH Training programme over 9 months, embedded this into their homes for at least 6 months and then undertaken a rigorous accreditation process 'Going for Gold'. There are many benefits to being a GSF Accredited Home and we hope that this will encourage other homes to go forward for accreditation in future. This process ensures Quality Improvement; Quality Assurance and Quality Recognition for all homes involved and can reassure PCT commissioners and others that good end of life care will be provided for their residents.

628 care homes have received the Accreditation Award for the high quality of care provided for people in the final years of life. Of these **370** have achieved re-accreditation status and **94** Homes have received 3rd time accreditation

The accreditation process is endorsed by the English Community Care Association, Registered Nursing Home Association, National Care Association and National Care Forum.

East Anglia
