

'Front runners in End of Life Care'

Compassion, Coordination and Quality in end of life care- showcasing inspiring examples of what we can achieve on the frontline.

At this London conference, run by The National GSF Centre, we will be hearing from keynote speakers, and celebrating excellence by showcasing frontline GSF accredited teams in health and social care delivering quality end of life care. These 'frontrunners' demonstrate what is possible to achieve on the ground, inspiring and encouraging others to aim for 'gold standard' care in their own area. Join us to hear about how they put policy into practice, be inspired by stories of grass roots successes, hear from national experts with updates on progress and learn more about what is possible to achieve in EOLC and what you could achieve in your area too!

Friday 29th September 2017
