

Going for Gold - Celebrating 20 years of GSF

Showcasing examples of excellence from GSF accredited care homes, hospitals, GP practices and retirement villages, inspiring you to deliver proactive, personalised well-coordinated end of life care in your area.

At this London conference, run by The National GSF Centre, we will hear from inspiring speakers, national policy makers and CQC Inspectors addressing current hot topics, in addition to GSF Accredited teams sharing their first-hand experience of delivering quality end of life care on the ground.

The NHS Long Term Plan and new NICE guidance recommends end of life care that is proactive, personalised and well coordinated. These frontrunning teams demonstrate what is possible to achieve across all settings, inspiring and encouraging others in providing top quality care.

Join us in celebration of 20 years of GSF, delivering gold standard care since 2000

"It's an absolutely amazing conference and not to be missed! Not the usual kind of conference - more a community of best practice" GSF conference delegate.
